

# Material Safety Data Sheet

CRYSTAL FUSION

## Section 1. Chemical product and company identification

Trade name : CRYSTAL FUSION  
Product use : Rinse Additive  
Supplier : Ecolab Inc. Institutional Division  
370 N. Wabasha Street  
St. Paul, MN 55102  
1-800-352-5326  
Code : 903397  
Date of issue : 31-August-2005

EMERGENCY HEALTH INFORMATION: 1-800-328-0026  
Outside United States and Canada CALL 1-651-222-5352 (in USA)

## Section 2. Composition, Information on Ingredients

| <u>Name</u>                   | <u>CAS number</u>       | <u>% by weight</u> |
|-------------------------------|-------------------------|--------------------|
| urea                          | 57-13-6                 | 20 - 50            |
| proprietary                   | NJTSRN<br>0109033970805 | 5 - 20             |
| alcohols, c12-15, ethoxylated | 68131-39-5              | 1 - 5              |

## Section 3. Hazards identification

Physical state : Solid. (Extruded solid.)  
Emergency overview : CAUTION!

MAY CAUSE EYE IRRITATION.  
Repeated or prolonged contact with irritants may cause dermatitis.  
Avoid contact with eyes. Wash thoroughly after handling.

### Potential acute health effects

Eyes : Moderately irritating to the eyes.  
Skin : Slightly irritating to the skin.  
Inhalation : No known significant effects or critical hazards.  
Ingestion : No known significant effects or critical hazards.  
See toxicological Information (section 11)

## Section 4. First aid measures

Eye contact : In case of contact, immediately flush eyes with cool running water. Remove contact lenses and continue flushing with plenty of water for at least 15 minutes. Get medical attention if irritation persists.  
Skin contact : Wash with soap and water. Get medical attention if irritation develops. Wash clothing before reuse.  
Inhalation : If inhaled, remove to fresh air.  
Ingestion : Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately.

## Section 5. Fire fighting measures

Flash point : > 100°C  
Fire fighting media and instructions : Use an extinguishing agent suitable for surrounding fires.

Dike area of fire to prevent product run-off.  
No specific hazard.

Special protective equipment for fire-fighters : Fire fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full facepiece operated in positive pressure mode.

## Section 6. Accidental release measures

- Personal precautions** : Ventilate area of leak or spill. Do not touch damaged containers or spilled material unless wearing appropriate protective equipment (Section 8). Stop leak if without risk. Prevent entry into sewers, water courses, basements or confined areas.
- Environmental precautions** : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.
- Methods for cleaning up** : If emergency personnel are unavailable vacuum or carefully scoop up spilled materials and place in an appropriate container for disposal. Avoid creating dusty conditions and prevent wind dispersal.

## Section 7. Handling and storage

- Handling** : Avoid contact with eyes, skin and clothing. Wash thoroughly after handling.
- Storage** : Keep out of the reach of children. Keep container tightly closed. Keep container in a cool, well-ventilated area.  
Do not store above 50°C

## Section 8. Exposure Controls, Personal Protection

- Engineering controls** : Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

### Personal protection

- Eyes** : Eye protection recommended.
- Hands** : No protective equipment is needed under normal use conditions.
- Skin** : No protective equipment is needed under normal use conditions.
- Respiratory** : No protective equipment is needed under normal use conditions.

### Name

urea

### Exposure limits

AIHA WEEL (United States, 1/2004).

TWA: 10 mg/m<sup>3</sup> 8 hour(s). Form: All forms

## Section 9. Physical and chemical properties

- Physical state** : Solid. (Extruded solid.)
- Color** : Green. (Dark.)
- Odor** : Odorless.
- pH** : 6.25 (1%)

## Section 10. Stability and reactivity

- Stability** : The product is stable.

## Section 11. Toxicological information

### Potential acute health effects

- Eyes** : Moderately irritating to the eyes.
- Skin** : Slightly irritating to the skin.
- Inhalation** : No known significant effects or critical hazards.
- Ingestion** : No known significant effects or critical hazards.
- Chronic effects on humans** : Contains material which causes damage to the following organs: skin, eye, lens or cornea.

## Section 12. Ecological information

**Products of degradation** : These products are carbon oxides (CO, CO<sub>2</sub>) and water, nitrogen oxides (NO, NO<sub>2</sub> ...).

## Section 13. Disposal considerations

**Waste disposal** : The generation of waste should be avoided or minimized wherever possible. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

Consult your local or regional authorities.

## Section 14. Transport information

| Regulatory information | UN number      | Proper shipping name | Class | Packing group | Additional information |
|------------------------|----------------|----------------------|-------|---------------|------------------------|
| DOT Classification     | Not regulated. | -                    | -     | -             | -                      |

**APPLIES ONLY DURING ROAD TRANSPORT**

Any variation of the shipping description based on the packaging is not addressed.

## Section 15. Regulatory information

**HCS Classification** : Irritating material  
Target organ effects

**U.S. Federal regulations** : SARA 302/304/311/312 extremely hazardous substances: None.  
SARA 302/304 emergency planning and notification: None.

**TSCA 8(b) inventory** : All materials are listed or exempt.

**California prop. 65** : No products were found.

## Section 16. Other information

|   |                            |   |   |
|---|----------------------------|---|---|
| <b>Hazardous Material Information System (U.S.A.)</b> : | <b>Health</b>              | * | 1 |
