Material Safety Data Sheet

Section One: Product Description

Formula Name: Conditioning Shampoo **Synonym: Conditioning Shampoo, Shampoo**
Formula Number: M100011 (6562-S)
Chemical Description: Water and Surfactant Blend

Section Two: Hazardous Ingredients

Hazardous Ingredients: **None**

Section Three: Physical Data

Specific Gravity: **.96-1.02**
Percent Volatile by Volume: **85-95%**
Evaporation Rate: **Not Determined**
Solubility in Water: **Completely**
Appearance: **Amber, Viscous Liquid**
Odor: **jojoba fragrance**
Boiling Point: **Not Determined**
Freezing Point: **Not Determined**
Vapor Pressure @ 20C: **Not Determined**
Vapor Density: **Not Determined**

Section Four: Fire and Explosion Hazard Data

Flash Point: **N/A**
**Special Fire Fighting Procedures
Or Unusual Fire Hazards:** **N/A**
Extinguishing Agents: **N/A**

Section Five: Health and First Aid Data

Threshold Limit Value: **N/A**
Effects of Overexposure: **Prolonged contact with skin may cause irritation. Moderate
irritation may result from eye contact.**

**Emergency & First Aid
Procedures:** **Remove contaminated clothing and flush skin with water.
Immediately flush eyes with water. Seek medical attention
if irritation persists.**

Section Six: Reactivity Data

Stability:	Stable
Incompatibility with Other Materials:	Not currently known
Hazardous decomposition products:	Not currently known
Hazardous polymerization:	Will not occur

Section Seven: Spill or Leak Procedures

Waste Disposal Method:	Dilute to sewer or dispose of in landfill where permitted under all appropriate federal, state and local regulations.
-------------------------------	-----------------------------------------------------------------------------------------------------------------------

Spill or Leak Procedures:	Stop spill at the source. Contain spill area. Absorb or pump liquids to suitable containers.
----------------------------------	----------------------------------------------------------------------------------------------

Section Eight: Special Protection Information

Respiratory Protection:	None required with normal use
Ventilation:	General room ventilation adequate with normal use
Protective Gloves:	Butyl or neoprene rubber with extended exposure
Eye Protection:	Goggles or safety glasses with extended exposure

Section Nine: Special Procedures

Precautions to be taken in handling and storage:	Avoid freezing temperatures and heating over 110° F to preserve product integrity.
---------------------------------------------------------	------------------------------------------------------------------------------------
