Medium - No change

Small - No change

Retail demand mixed. Supplies of extra large and large well balanced and held confidently. Market steady to full steady.

Dairy | Butter

Butter-Up

Cream inventories are continuing to tighten as ice cream production starts to compete for raw material and hits it's production stride. Retail sales show signs of decline, but overall are still healthy. With restaurants reopening food service distributors are still coming back to the buying table, but orders are still below expectations.

Dairy | Cheese

Barrel - Higher

Block - Lower

The Block market has been held due to the Governments Farms to Familys box program. Speculators see the market becoming bearish in the coming weeks as

Holiday Sales subside and the fourth round of the box program being worked through.
